**8 - Thinking about the overall course and its content, what has been particularly effective about Leila Lehnen's approach to teaching in the course? -**

**Response Rate** 3/4 (75%)

- N/A
- Jordan's approach to teaching this course made the entire experience really great and effective. He did a great job of keeping every student accountable and engaged during and outside of class. Jordan took feedback from all of the students in the course and insured that he altered assignments to better fit our preferred learning styles and our suggestions.
- I really liked how malleable Jordan was- he was open to suggestion and adjustment which was really helpful.
